El Dorado Hills, California · (916) 805-0172 · everetttai@gmail.com · [LinkedIn](#)

EDUCATION

Dartmouth College, Hanover, NH

June 2026

Bachelor of Arts - Economics & Psychology; Human Centered Design

GPA 3.55

- Relevant Coursework: Cognitive/Social Psychology | Financial Intermediaries/Markets | Theory of Finance | UI/UX Design
- Honors/Awards: URAD Scholar | CSCAA Scholar All America | Ron Keenhold Diver of the Year | Tate Ramsden Award

RELEVANT EXPERIENCE

HR Technology and Innovation Intern - HILTON WORLDWIDE

June 2025 – April 2026

Corporate Intern Program at Hilton Headquarters – McLean, VA

- Spearheaded global UX redesign proposal for Hilton's global TMX Resource Site, leading discovery sessions and feedback analysis across 80+ countries to recommend UX enhancements, streamline content governance, and support a phased rollout
- Advocated for AI applications in HR to senior leadership by translating insights from internal pilots and Gartner benchmarking into strategic recommendations across 4 core HR functions (recruiting, performance, L&D, planning)
- Analyzed 1,970+ post-launch ServiceNow tickets for Hilton University's LMS migration to identify root causes and surface trends, delivering an executive-facing Hilton-branded reporting suite with KPI dashboards, issue trend visualizations, and a 30-course remediation tracker

DALI Lab UI/UX Designer - DARTMOUTH COLLEGE

January 2025 – June 2026

- Led UI/UX design for two healthcare technology platforms, creating 30+ high-fidelity Figma screens and end-to-end workflows for healthcare simulation modeling, AI patient interactions, onboarding, educator analytics, and feedback systems
- Collaborated with healthcare stakeholders and engineers to gather requirements, conduct usability testing, and translate user feedback into implementation-ready designs, culminating in stakeholder presentations and final product handoff

Design Corps Consultant - DARTMOUTH COLLEGE

September 2025 – June 2026

Dartmouth Design Initiative (DIAD) at Thayer School of Engineering

- Conducted stakeholder interviews, qualitative research, and policy analysis to develop strategic recommendations for Dartmouth administrators on Greek Life, residential communities, and student experience initiatives.

Research Assistant - DARTMOUTH DEPARTMENT OF PSYCHOLOGICAL AND BRAIN SCIENCES

June 2024 – June 2025

Professor Mark Thornton, SCRAP Lab

- Analyzed fMRI data from 50 participants to identify neural responses and uncover key patterns related to snap judgments, while guiding participants through sessions, ensuring clarity on procedures, and collecting high-quality data
- Implemented a targeted MailChimp marketing system that increased participant interest by 80% and integrated a Notion task management system to streamline weekly tasks, improving workflow efficiency and scalability for future research growth

Endowment Fellow - DARTMOUTH COLLEGE INVESTMENTS OFFICE

June 2024 – August 2024

- Evaluated public equity and private market investments within Dartmouth's \$7.9B endowment; supported strategic asset allocation by analyzing fund performance, market dynamics, and investment memos
- Delivered stock pitch for Vail Resorts Inc. to leadership through equity research, DCF modeling, and scenario analysis

Research Intern - HARVARD UNIVERSITY

March 2024 – June 2024

Professor David Levari, Department of Psychology

- Collected and analyzed data on task takeover performance using scholarly sources, leveraging data visualization (ggplot2), cleaning, literature synthesis, and statistical modeling to drive actionable research insights

Make a Play Foundation - REMOTE

August 2024 – December 2024

"Team Pride!" Fellow

- Produced strategic presentations in consulting and finance to Fortune 500 executives as part of a selective fellowship preparing under-resourced athletes for high-impact careers through real-world case competitions and industry exposure

PROJECTS

Stock Market Dynamics - Dartmouth Contextual Dynamics Lab

March 2024 – June 2024

Research Project - Professor Jeremy Manning, Department of Psychology

- Developed models that predict brain activity with stock market trends, spearheading data analysis and hypothesis testing

LEADERSHIP & SERVICE

Dartmouth Asian Student Athlete Association - HANOVER, NEW HAMPSHIRE

March 2025 – June 2026

Co-President

- Directed DASAA as Co-President, managing executive board operations, coordinating term programming, and maintaining strategic communication with faculty advisors. Strengthened alumni and campus partnerships by organizing collaborative events and representing DASAA at key Dartmouth Athletics functions

DRIVE Leadership Program - DARTMOUTH PEAK PERFORMANCE

June 2024 – August 2024

Program Winner

- Led a top-performing team in a selective leadership program for student-athletes, completing workshops focused on resilience, ingenuity, and excellence, winning overall program honors through strategic collaboration and planning

Dartmouth Swim School Instructor - DARTMOUTH COLLEGE

September 2022 – April 2026

Skills: Data analysis - Python, R, STATA | SolidWorks, Figma | Microsoft Office (Excel, Power BI, PowerPoint) | Notion, Asana
